Resilience with Tenacious Turtle

Talk to a
friend.

I am

ST  CK

Inspired by the book:
I Am Stuck

Materials:

crayons

paper straws, 1 per project

scissors

glue

Tenacious Turtle

Print 1 copy per project

Color turtle if desired. Cut out turtle along dotted lines. Add glue. Then line up the dark gray stars to create your turtle. Place your tenacious turtle on its back.

On the flag, write or draw about what you can do when you feel stuck, or what you could do to help a friend who is stuck. Cut it out, add glue, and attach to a paper straw.

Now see if you can get your turtle "unstuck" by blowing through the straw.
Can you do it by yourself? Is it easier with a friend or two to help?
